Pet Company Honors Responsible Pet Owners in February

Pee Whiz™ Celebrates National Responsible Pet Owners Month

PHOENIX—Pee Whiz™, a pet stain remover product company, recognizes national Responsible Pet Owners Month by offering proud pet parents an opportunity to showcase their photos of what it means to be a responsible pet owner as well as product discounts at PeeWhiz.com throughout February.

Pee Whiz™ welcomes pet owners to submit photos demonstrating how they are responsible. The photos could include a pet getting exercise, visiting the veterinarian, being groomed or bathed, attending obedience class, lounging in their favorite spot in the house, or even an owner cleaning up after the pet. Photos can be submitted online at PeeWhiz.com and will be displayed on the website for all to enjoy.

As an online exclusive at PeeWhiz.com, responsible pet owners will also receive a 25 percent discount and a flat shipping fee.

“Caring for pets and cleaning up after them is a big part my life,” said Carl Gregory, Pee Whiz owner. “Since developing Pee Whiz, clean-up has been so much easier, and I wanted to reward other responsible pet owners with a great discount during this special month, so they too can experience the power of Pee Whiz™.”

Queen of Clean®, Linda Cobb, recognizes Pee Whiz™ as one of her favorite products for removing pet stains. Cobb is featured on over 50 national talk radio shows as well as television shows including Oprah, The View, Dr. Phil and the Today show and is a regular on Good Morning Arizona. She is the author of the New York Times bestselling book “Talking Dirty with the Queen of Clean®” as well as five other related books.

“I have looked for a long time for a product that would remove stains from pet urine, vomit and pet waste film, and this is an amazing product,” said Cobb. “The best part is that it is safe for pets, their people, the environment and the ozone, and it really does work.”

Pee Whiz™ is an all-natural, enzyme solution used to clean and remove any protein-based stain or accident including urine, feces, blood and vomit. Pee Whiz also acts as an air freshener and is currently available in three scents Fresh Apple Breeze™, Linen Lavender Vanilla™ and Tropical Orange Vanilla™.

The enzymes in the plant-based solution will actively digest the accident, leaving no trace behind. Spray, walk away and within an hour the stain will be gone. There is no scrubbing involved and it is biodegradable. Pee Whiz™ contains no alcohol, chemical, detergent or bleach, ensuring safe use on any surface including carpets, rugs, linens, upholstery, concrete, pet cages, clothing, wood, tile, litter boxes, patio furniture and more.

Pee Whiz™ is a universal product made and manufactured in the United States. It can be used as a solution for many different household needs, including human accidents. It can also be used to treat the lawn, freeing it from the patchy dying grass where a pet has marked.

About Pee Whiz™

Pee Whiz™ was created by the owner of a pet waste removal company searching for an effective, earth friendly solution for removing pet stains and odors. After being disappointed time and time again by products claiming to remove pet urine odor and stains, the owner decided to create his own. In Pee Whiz™, he found a dream solution, not only is it 100 percent natural, it is also powerful enough to work at an industrial level. When he tackles a stain or odor for his customers he only wants to use the best, so he created the best with Pee Whiz™.

About Responsible Pet Owners Month

Responsible Pet Owners Month is celebrated every February in honor of responsible pet owners. This national month of recognition is also intended to educate the public on the importance of being a responsible pet owner and to offer advice on how to properly care for a pet.
